Referral for Bob Schuster

Dear Sir or Madam:

I would like to take the opportunity to express my appreciation and respect for Bob Schuster. Recently, at our monthly breakfast series for men, I asked Bob to speak to the guys about using our God given talents. Bob shared personally about how he has used his talents and built a skill set to compliment those talents. Bob also left us with some key points that each man took away as valuable information.

Bob possesses a unique talent to share what he has learned and relate it to others that they might glean from his experiences. It was a pleasure to be in attendance for Bob's presentation and I would highly recommend anyone who is looking for a good quality speaker, to consider Bob Schuster.

Sincerely,

Drew Roberts
